Sliding Windows Wooden Finish

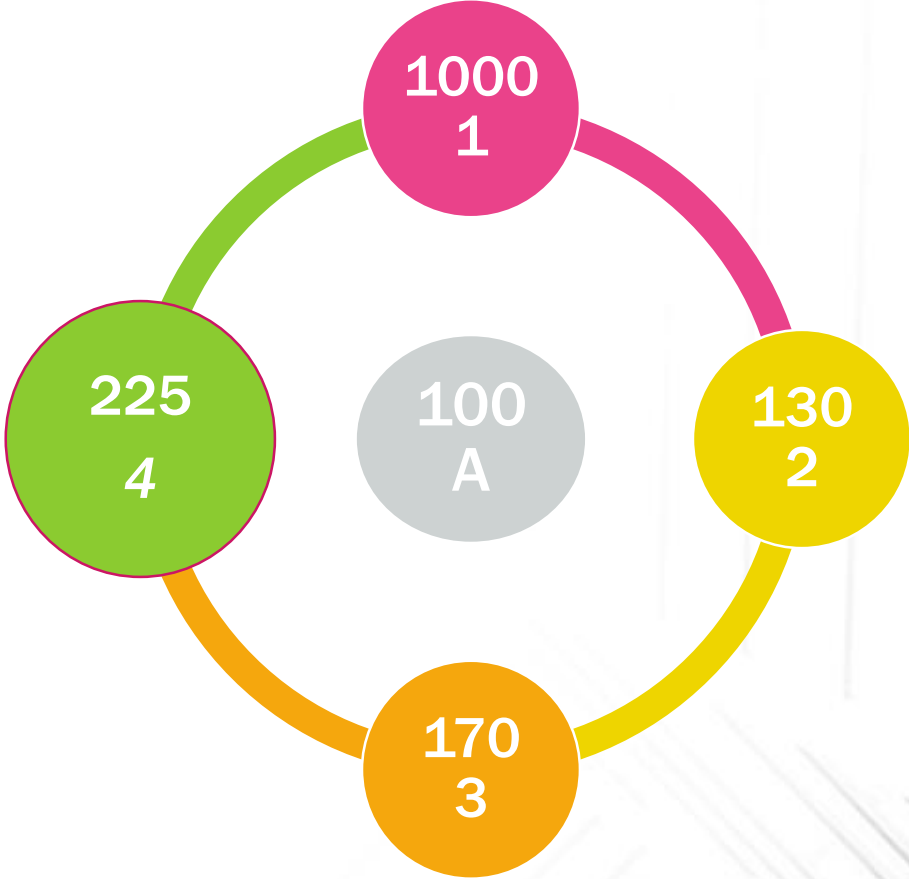

# Wood Finish By Rollwin Aluminium

- Wooden finish is measured as most eye-catching, beautiful and sought after finish from outside and inside of a building, but owing to high cost of wood and quality to decay pose great problems to people who are interested in doing it.
- Our Profiles give you the opportunity to enhance internal and external finishing with a manifestation of high end visual look of wood having the stability, strength and robustness of aluminium.
- Unlike conventional wooden finishing technology which had shorter life span our technology finish provides longer life and great visual looks.

# Cost Difference

- 1-Wood Windows
- 2-Powder Coated Aluminium
- 3-Anodized Aluminium
- **4- Wooden Finish Windows**
- A- Base- Uncoated Aluminium Windows
